Conference Website: <https://acling.org/>

Conference Scope

With the recent advances in the field of Computational Linguistics (CL) brought on by rapid developments in neural models, the goal of this conference is to focus on the application of AI/ML in NLP and CL. ACLing 2024 aims to bring together leading academicians, scientists, researchers and practitioners from all over the world to exchange new ideas and the latest results in Computational Linguistics and NLP; a field that has become increasingly important. The scope of the conference encompasses the theory and practice of all aspects of AI/ML in Computational Linguistics.

Paper submission

We encourage submissions that describe original unpublished work that is not currently under review for any other conference or journal. All submissions should be made via EasyChair in English and submitted as a PDF file.
